

LEXUS

ES

NEW ZEALAND SPECIFICATIONS | ES

A bolder one-piece spindle front grille design makes its debut on the ES range, as do restyled LED headlights.

The LED fog lights have been repositioned to enhance the wide, elegant stance of this premium sedan.

At the rear, L-themed tail lights underline a familiar component of the Lexus L-finesse design philosophy.

The ES is all about choice and Lexus has upped the ante in this regard for 2016. Four new exterior colours add to an already extensive palette; Sonic Quartz, Graphite Black, Deep Metallic Bronze and Deep Blue take the total number of options to 10. New 17" alloy wheel designs are also a key feature for all models.

The ES is a car designed to suit every need, but luxury motoring remains an overriding attribute. Nowhere is this more clearly represented than inside the premium cabin, where choice abounds, with a total of nine grade-dependent leather and trim combinations.

Updated luxury features and finishes for the ES line-up include new Black Metallic and Matte Bamboo surface treatments in addition to Birds-eye Maple, a newly redesigned three-spoke steering wheel with updated switch layout, and a new overhead console design which incorporates LED lighting with capacitive touch panels.

Ahead of the driver the colour Multi-Information Display (MID) screen has been enlarged from 3.5" to 4.2", ensuring vehicle data and other information can be viewed at a glance while on the move.

Every ES features an array of upgraded safety technology in the form of the Lexus Safety System + which boasts a high level of active and passive safety attributes including the Pre-Crash Safety System, Dynamic Radar Cruise Control, Automatic High Beam and Lane Departure Alert with vehicle sway functionality.

In addition to 10 airbags as standard, every ES also includes Blind Spot Monitoring with Rear Cross Traffic Alert.

The ES represents quintessential premium motoring, with the choice of the renowned Lexus hybrid technology or V6 performance and a vast array of trim and colour combinations ensuring that extra touch of personalisation.

The Lexus ES range raises the bar with numerous exterior and interior upgrades.

The ES offers both petrol and petrol-electric hybrid engines boasting excellent on-road performance and fuel efficiency. Combined, the ES range offers a comprehensive level of technology mixed with luxurious attention to detail.

Further enhanced by new design elements that make it an unmistakable member of the Lexus family, the ES is a premium sedan offering that doesn't scrimp on interior space or absolute on-road comfort.

# ES 300h / ES 350 SPECIFICATIONS

	ES 300h	ES 300h LIMITED	ES 350	ES 350 LIMITED

# Lexus Care

## Lexus Warranty

An important part of the peace of mind that comes with owning a Lexus is the built-in warranty on your vehicle. Each Lexus vehicle comes with a four year unlimited kilometre\* warranty, supplemented by a six year corrosion perforation warranty. This warranty is offered to the first owner and subsequent owners within this four year period.

## Lexus Service Plan

The Lexus Full Maintenance Service Plan that accompanies every new Lexus covers all parts and labour costs associated with the Lexus recommended service schedule for a period of four years unlimited kilometres from the date of first registration. It combines an exacting standard of maintenance with a high level of customer convenience and ensures your Lexus is serviced, as it should be - by specially trained Lexus technicians.

## Lexus On Call

With Lexus On Call we've made sure the service that makes Lexus unique will always be as close as your phone or computer. This way, you can summon assistance whenever required. In the event of an emergency or breakdown we like to take special care of you and your Lexus. Your comments are also important to us, so you're most welcome to contact us anytime and talk to us about your Lexus experience.

## Lexus Plus

We know that a helping hand can be invaluable in an emergency. Lexus Plus, in conjunction with the New Zealand Automobile Association (AA), provides a special nationwide emergency service for Lexus owners. The Lexus Plus programme provides extended protection against the possibility of being stranded away from home because of a vehicle breakdown. It gives you constant access to immediate help 24 hours a day, seven days a week.

Lexus Plus offers a wide range of services whether you require roadside assistance to recover your vehicle, emergency windscreen replacement, alternative transport home or even assistance with changing travel plans if you are unexpectedly delayed.

Lexus will also arrange any accommodation and rental car requirements that may arise if breakdown repairs cannot be completed on the day of the emergency. The service even extends to transporting replacement clothing to you, or to passing on urgent messages to family, friends or colleagues.

## Lexus Financial Services

There is an extensive range of tailored finance solutions available through your Lexus dealer designed to make acquiring a Lexus as effortless as driving one. Whether you require a fleet or personal finance plan, there are a wide range of options for leasing or purchasing a vehicle to suit your individual needs.
